OUR LUXURY HOMEWARES COLLECTION

We're committed to providing a wonderful and sustainable approach to luxury homewares through our product design, material selection and manufacturing processes. Each item has been carefully and lovingly hand designed in Brisbane and then either ethically handcrafted with 100% recycled materials or produced in an Australian factory that runs entirely off solar power.

On top of our commitment to luxury and sustainable products, we also remove 100 pieces of rubbish from the environment for each order that we receive and invest 10% of the profits towards our reforestation and conservation projects.
