

Storage & Care Instructions

Paper Collection

Due to the delicate nature of paper and cardboard, we have a few little tips to share to keep your journals & notebooks in prime condition for years to come...

Please ensure that each paper creation is:

- Kept away from liquids to avoid the ink designs running, glue binding breaking and potential stains
- Store in a flat position on a shelf or wedge between other journals and books to keep flat
- If travelling, store in a paper envelope or fabric bag to avoid creases, marks and stains

Other important points about our paper products:

- We use 100% recycled paper and cardboard for all of our designs to reduce waste and emissions
- Each notebook and journal is made to order so binding and recycled paper varies on each piece
- We've designed each creation to last a lifetime or be 100% recycled at the end of its life
