

# *Washing & Care Instructions*

## *Timber Collection*

Each of our timber creations has been handcrafted with recycled timber and we have a few little tips to share to keep each item looking fresh and beautiful...

*To wash and care for your timber homewares, please:*

- Rinse thoroughly and wash timber items in warm, soapy water with a non abrasive cloth
- Dry immediately afterwards with a soft cloth to avoid timber cracking and warping
- Season occasionally with grape seed oil and rub into the grain to protect the timber

*Other important points about our timber homewares:*

- To support our circular economy model, each of our pieces are made with recycled timber
- Each design is completely unique and so two of the same item will never be "exactly the same"
- Grapeseed oil can be purchased from all major supermarkets and a bottle will last for years
